- Chairman O'Connor spoke with Supervisor Lant, Deputy Supervisor McEachron, and Council women Kolligian, regarding the final document being given to the Code Revision Committee for their review, and they agreed.
- Mr. Gabay thinks this document should stand on its own.
- Mr. Mykins raised the concern of the moratorium on solar being over in September and the Code Revision committee not being complete by September.
- The Code Revision committee could review the solar document and put it forward to the Town Board for review, with or without additional code changes.
- It has been agreed upon by the committee to pass the Solar document onto the Code Revision committee for review.
